

BOSTON UNIVERSITY
DEPARTMENT OF ATHLETICS AND PHYSICAL ACTIVITIES
304 BAY STATE ROAD
BOSTON, MASSACHUSETTS

OFFICE OF THE DIRECTOR

December 28, 1942

Dr. E. F. Melder
Clark University
Worcester, Massachusetts

Dear Dr. Melder:

Lev Brett has told me of your interest in promoting crew for the boys at Clark. You are probably aware that the major purpose of the Dad Vail Rowing Association is to encourage crew among colleges to whom the sport is new. Therefore, feel free to call upon me at any time you feel there is anything we at Boston University can do to help.

Crew is comparatively new to me, but I am interested in promoting any sport in which our students are interested. I have found that boys who take part in crew find it a very captivating experience, and an experience that cultivates unusual loyalties.

At any time you are in Boston I hope you will drop into my office for a chat.

Very cordially

John M. Harmon
Director
