March 10, 1942

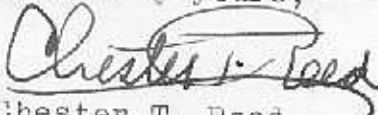

Prof. F. Eugene Melder  
Clark University  
Worcester, Mass.

Dear Professor Melder:

While the subject matter of your letter of March 6th is very interesting, and while I should like to be of assistance in the project which you have in hand, yet I have given up rowing and have no further interest in this sport.

Should you wish to get information from the Quinsigamond Boat Club concerning its facilities you should address your letter to Mr. W. Emory Wardwell, at 360 Main St., Worcester.

Sincerely yours,

  
Chester T. Reed
