Dad Vail Rowing Association

New York City

Dear Mr. Brett:

Your fine letter of December 18th was delayed in reaching me until after New Years. Hence I am slow in answering it.

I think you have answered all the questions which I asked about the events and distances to be rowed in the Regatta next May 1st. I have hopes that we may be able to get a large enough turn out to have two crews entered, but because of the limitation of our equipment and the uncertainty as to how many boys will be in school next spring, I can say nothing further at this time. I have a letter from Mr. John M. Harmon of Boston University offering advice or assistance in helping us to organize a crew. I have not yet heard from Mr. Pomeroy, but no doubt will soon.

With hearty thanks for your efforts on our behalf, and my sincere wishes for a successful 1943 season for the Dad Vail Rowing Association, I am,

Cordially yours,
