

HAGERTY

April 25, 1944.

Clark University
Worcester, Mass.

Att. Mr. R. F. Nunnemacher

Dear Sir:

In answer to your letter of April 19th, relative to the purchasing of two four oared shells, these boats will have to be sold as a pair at \$150.00 each. They are equipped with seats, shoes and riggers, and are in good condition as you will have an opportunity to observe if you come down to Cohasset.

We do not have any sweep oars left, but these can be obtained from Walter Bolton in Foxboro, who has a good supply of them.

The cost of transporting these to Worcester, including insurance, would be \$50.00.

I work all day Saturday and would like very much to see you at any time. It would be well if you would phone before coming so that I can make my plans fit in with yours.

Very truly yours,

HAGERTY COMPANY

Francis W. Hagerty

+ \$50 for H. oars
