OARS
AND
SCULLS

Dear Mr. Hummelscher
Clark Univ.
Worcester Mass.

June 7th 1914

Dear Mr. Hummelscher: -
Your good letter
of May 29th arrived.
I am sorry to tell you we have no
second grade oars, they only show up when
we make a large number of oars, and
this year we have made very few.
We only have a #1 grade oar and a
very few of that. They cost 21⁰⁰ each.
I could not give you a price on a shell
now, as we are too heavily engaged in
making airplane parts.
We can send you ten or less oars if you
still want them?

Thanking you for enquiring

Sincerely,
Geo. Pocock
