Mr. Rudolph F. Nunnemacher  
Associate Professor of Biology  
Clark University  
Worcester, Massachusetts

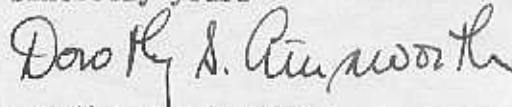

Dear Mr. Nunnemacher:

I am delighted to hear that you have taken up crew for girls at Clark University. I am sure you will find it the excellent sport that we do, but as for any meeting with you girls, we do not have any outside competition with other colleges.

We realize that your suggestion is quite an informal meeting, but we do not wish to enter into outside competition, informal or otherwise.

Wishing you all success in this sport, I am

Sincerely yours

Dorothy S. Ainsworth  
Director of Physical Education
