Secretary
JOHN J. TOOMEY
60 Reservoir Street
Cambridge 38, Mass.
Captain
JOHN L. DOHERTY
Financial Secretary
WALTER E. SCHWANHAUSSER

Dear Rudi,

Here's that guy again! This time there isn't a regatta I'm plugging, or anything like that. However the news is that we are moving out to Schenectady N.Y. shortly where I will be associated with the C.E. Illuminating Laboratory. It was sought of hard to think of giving up my rowing associations on the Charles but perhaps it will only be for a relatively short period as the Lab is scheduled for to be moved to Lynn early in 1948. Then to, perhaps I'll be able to do some rowing on the Mohawk River. This summer we got off to a good start in getting New England oarsmen

together, I think, and I have hope that
some sort of organization will grow
out of it all. By living in Lakeside, it
does not seem as if I will be able to take
a very active part, but from what I have
observed so far, there ~~is~~ ^{are} plenty of enthusiastic
people interested in rowing to carry the
job through. The Riverside B.C. will have
many of its former spark plugs back
when spring rolls around and with Joe
Abrose as President, I feel sure that the
club will again be strong as in pre-war
years. At any rate I'm not saying good
bye but just so long as you can't kill
my interest. Therefore I hope you drop
me a line once in a while to let me know
what goes on. After all, I'll be wanting to
get to all the regattas you are going to have
next year even though I know damn
well that I won't be able to make but
a very few! In closing I'd just like to wish
you and Clark the best of luck and success
Sincerely, Walt
