Dear Mrs. Luebbe:

I am enclosing the complete record as written by your son Herbert in our Rowing Club Log Book in July, 1943. I think the record will be clear enough, although the introduction refers to the record left by the preceding Log Keeper, Hanford (Hank) King.

Let me repeat that we sincerely appreciate your part in the christening of our rowing shell last Saturday. The Worcester Sunday Telegram published a picture of the christening in its Sports Section which you have doubtless seen. It was a very happy occasion to make your acquaintance and I hope that we will have occasions in the future when we can meet again.

Cordially yours,

F. Eugene Melder
Coach of Crew
