Dear Prof. Melder:

I regret the delay in answering your letter. It was necessary to take a careful inventory of our shells.

I should explain that we are not overstocked in any way, shape or form with any old shells. However, we have one that might be useful to you. It is a lightweight shell which will take up to 165 lb. men.

We feel the shell and the rigging is worth \$200 to us.

I am going to be on the West Coast for the next two weeks, but if you are interested, you can contact Miss Helen Kaplan, and she will put you in touch with Coach Jim McMillin who will afford an opportunity for you to see the shell.

Again, I apologize for the delay and wish you a happy new year.

Sincerely,

R. L. Balch
