Crisis and Resilience:
Parenting, Relationships, and Divorce During COVID-19

with ***PROFESSOR ABBIE GOLDBERG***

Thursday, October 15, 12:00-1:00 pm

Parents are coping with serious stressors as they navigate the COVID-19 pandemic. Many parents are working from home while managing remote schooling. Some are experiencing heightened tension in their marriages and considering or pursuing divorce. Others are trying to co-parent with their ex-spouses during the pandemic. Prof Abbie Goldberg (Dept of Psychology; Director of Women's & Gender Studies; The Jan and Larry Landry University Professor) will share findings of two studies she has conducted during COVID: one on adoptive parents and one on divorced parents. A Q&A will follow.

Sponsored by Women's and Gender Studies Program; Alumni and Friends Engagement; and the Psychology Department
