Welcome to WEEK ONE!

We are very excited to welcome you and your new students to Clark University. The Week One family program is designed to help familiarize you with campus resources and get to know the Clark community.

Your students will participate in a program that will help them transition into college and life at Clark. They will be introduced to campus, meet classmates and friends, and discuss their academic and cocurricular interests with faculty and staff. They will attend activities and programs to start them on the path toward embracing intellectual life at Clark.

While your students learn their way around the campus, we are here to assist you in any way we can. The family program offers sessions to help you understand the resources available to you, and give you access to staff who will support your family through your time with us here at Clark.

We are excited to welcome the class of 2021 to Clark, a university with a rich and vibrant history, passionate and diverse people, and offerings that make the Clark journey truly memorable.
