

Make an Impact on our Students

This year, Clarkies need your support more than ever. Since the start of the academic year, Clark has provided more than \$11 million in additional financial aid, testing services, mental health services, career advising, and support for diversity & inclusion initiatives, all while maintaining a safe in-person learning environment for our students and faculty.

None of this would be possible without the generosity of our community of annual donors to The Clark Fund. While thinking about your end-of-year giving, we ask the alumni community to consider a tax-deductible gift to the area at Clark that means the most to you so that we can continue to provide support to our current and future Clarkies.

scholarly edition or translation in the field of musicology published during the previous year.

Professor's Honor

The School of Management and School of Professional Studies are offering a series of master class webinars over the next couple of months. These classes give participants a window into an actual graduate course at Clark. Presented by faculty members, the classes cover topics from courses currently in the graduate program curriculum.
