Catching up with Clarkies

What have some of your fellow Clarkies been up to? We caught up with two GOLD alumni, [Jitske Grift '18](#) and [Matheus Gonçalves '19, M.B.A. '20](#), to see how life has been since graduating from Clark. After graduating with her master's degree in Budapest, Jitske now works in the Netherlands. As for Matheus, a native of Ipatinga in Brazil, he just graduated with his M.B.A. this past May and is now giving back by providing career advice for current students.

Submit a Picture of Your Pet!

Who doesn't love a good pet photo? With everything that has happened so far in 2020, we could use something to smile about. Send in a photo of your dog, cat, bird, or whatever animal you have, along with a caption to go along with the photo, and you could be featured on our next issue and on our social media channels. All submissions can be sent to alumni@clarku.edu. Any Clark swag featured is even better!

End-of-Year Giving to Clark

This year, Clarkies need and have received more support than ever. Since the start of the academic year, Clark has provided more financial aid than ever to our students, devoted more resources to diversity & inclusion, mental health services, and career counseling, and has maintained a safe in-person learning environment for our students and faculty.

None of this would be possible without the generosity of our community of annual donors to The Clark Fund. While thinking about your end-of-year giving, we ask the GOLD community to consider a gift to the area at Clark that means the most to you so that we can continue to provide support to our current and future Clarkies.
