

## Hello, Clark Families!

We can't wait to meet you! Here are a few last-minute reminders as you prepare to come to campus this week. As always, if you have any questions, please [email the Dean of Students office](#).

## Move-In Day

Your student has received detailed information about Orientation check-in and move-in. All students and families should begin at the Shaich Family Alumni and Student Engagement Center (ASEC) — enter “939 Main Street” into your GPS for accurate directions. Please enter the ASEC parking lot via the Grand Street entrance. Families and helpers should stay in their vehicles.

At ASEC, students will check in and vehicles will be labeled with building and room information. Students — who will need a photo ID to check in — will stay at ASEC to complete their COVID-19 arrival testing paperwork, and then go to the University Center to be tested and pick up their room key and OneCard.

Vehicles will stay at ASEC and be entered into the queue to travel to residence hall drop-off locations. There will be volunteers along the way to ensure vehicles are going to the proper locations for each residence hall, where families and helpers can unload their vehicle and meet their student. Red bins can be checked out with a photo ID, and student and University staff and faculty volunteers will be able to assist. We ask that you move empty cars to a parking space quickly to make room for other students and families.

Remember that on Move-In Day, we ask all move-in helpers, including families and friends, to wear masks while inside any Clark buildings or when not able to physically distance outside, and also to not eat in the dining facilities on campus. Information about food truck options and outdoor dining will be available upon arrival.

**Please note:** Rain is forecast in Worcester over the coming days. We will communicate any location changes as quickly as possible, and encourage students, families, and helpers to plan ahead. Don't forget your umbrella!
