

STUDENT SUSTAINABILITY FUND

Draft Project Application: Statement of Interest

The Student Sustainability Fund is a resource for the advancement of sustainable infrastructure and practices within the Clark community.

The SSF allocates money to fund projects that will maximize the quantifiable impact of each student dollar, will be visible to and impact a great number of students, and will help to establish Clark University as a leader in sustainable practices. Projects will be balanced in areas relating to environmental and energy responsibilities as well as economic, social, and educational areas. Most importantly it must have S.M.A.R.T. Objectives: Specific, Measurable, Agreed-upon, Realistic, and Timely and MUST meet the criteria outlined in the [Student Sustainability Fund Guidelines](http://clarku.edu/offices/campussustainability/pdfs/Student_Sustainability_Fund.pdf). (clarku.edu/offices/campussustainability/pdfs/Student_Sustainability_Fund.pdf)

DEADLINE: October 5, 2018

SUBMIT TO: SSF@ClarkU.edu or drop off at Sustainable Clark, Gates House, 24 Charlotte St.

ELIGIBILITY: Only undergraduate students, BUT they are required to partner with faculty, staff, academic departments, graduate students, or registered student organizations as applicable.
