After You Apply

Selection Process & Timeline

Review committees - comprising a wide array of Clark staff and faculty members - convene as a group in late April to finalize selections. A scoring rubric is used to evaluate applications, and all applications have at least two committee members read and score them. All students who apply will be notified **in writing of the committee decision by early May.**

Award Disbursement

If funded, you will likely receive funds in late May. However, delays can occur; please be prepared for the possibility of receiving your funds as late as mid-June. Please note that you **MUST set-up direct deposit authorization** specifically for Awards and Refunds with Student Accounts, so the funds will be deposited to your bank account. Please note that this authorization is separate from Payroll Direct Deposit. If you are awarded funds, you will receive detailed instructions for setting up direct deposit.

Tax Information

Domestic Students: No taxes are withdrawn pre-disbursement; however, you will be expected to claim this award on your annual taxes and this may impact your taxes due at that time. Please consult an accountant for more detail.

International students: International students staying in the US for their internship will have some taxes deducted from their funding amount prior to receiving the funding; this means that the amount you receive will be less than the total award. The amount deducted depends on which country you are from, and the tax treaty that the US has with that country. Generally, expect about 12-15% of your total award withdrawn. Please see the Clark payroll office with specific questions about your tax amount.

International students doing their internship outside the US will not have taxes withdrawn or reported.
