After You Apply

Selection Process & Timeline
Review committees - comprising a wide array of Clark staff and faculty members - convene as a group in late April to finalize selections. A scoring rubric is used to evaluate applications, and all applications have at least two committee members read and score them. All students who apply will be notified in writing of the committee decision by early May.

Award Disbursement
Funds are typically disbursed in late May. It is possible, however, that you may not receive the award until early June, in which case you should plan accordingly to cover your expenses until then. You will need to set up direct deposit with Student Accounts in order to receive your award. Note that this authorization is separate from Payroll Direct Deposit. If you receive funding we will send you detailed instructions in your award letter to set up your direct deposit. If you have accepted another source of funding, you must notify Steven Moon at smoon@clarku.edu immediately since this will affect the amount of funding you are eligible to receive.

Tax Information
Domestic Students: No taxes are withdrawn pre-disbursement; however, you will be expected to claim this award on your annual taxes and this may impact your taxes due at that time. Please consult an accountant for more detail.
International students: International students, defined as students studying at Clark on a visa, will have some taxes deducted from their funding amount prior to receiving the funding; this means that the amount you receive will be less that the total award. The amount deducted depends on which country you are from, and the tax treaty that the US has with that country. Generally, expect about 12-15% of your total award withdrawn. Please see the Clark payroll office with specific questions about your tax amount.
