

HOW TO JOIN CLARK CONNECT

ClarkConnect offers students extensive networking opportunities with alumni, peers, and employers. In ClarkConnect, students can seek career guidance through mentoring, expert advice, and access job and internship listings. Additionally, ClarkConnect supports skill development via personal branding tools like profile building and portfolio showcasing, and community engagement through discussion forums and interest groups.

HOW DO I MAKE AN ACCOUNT?

Start by going to ClarkConnect.clarku.edu or scanning this QR code.

ALL ABOUT YOU

Once you login, we'll ask a few questions about you like your class year, major, and previous work experience.

ACCOUNT APPROVAL

Once you've answered all necessary questions to complete sign up, ClarkConnect will place you on our approval queue. This process is not automatic and may take 1-2 business days, but this ensures all new members are members of the Clark community. While users wait, they can visit the career lab for assistance with creating a resume, cover letter, or support with interview prep.

SUCCESS!

After account approval, you will officially be a member of ClarkConnect and will have access to ClarkConnect's community resources.

If you have questions on how to utilize your account or have any difficulty setting up an account, please email ClarkConnect@clarku.edu
