- Copy of the job description – saved as a PDF from the company website or an email from the company with appropriate contact information.

This can be saved as a PDF from the email or scanned as a paper copy.

## Proposal Narrative

Applicants should submit a 2 to 4-page, double-spaced narrative (saved as a pdf document) describing their internship, including how this internship connects to your classwork and/or your future goals.

Formatting: Include your name, class year, major(s), internship title and organization name at the top of the first page. Do NOT use a separate title page. Please make sure your name is on every page of the narrative.

The following are considered criteria for a high-quality application:

Criteria	Expectations
Quality of the opportunity	Detailed position description and narrative clearly conveys: kind of organization, quality of work to be done, and potential impact on professional and personal development.
Learning goals and/or internship deliverables	Clearly stated, with either some kind of tangible artifact being produced by the end of the internship or a purposeful learning experience that is at the heart of the project.
Strength of narrative and supplementary materials (resume, transcript)	The narrative clearly articulates why the student wants to complete the project, and why the timing is appropriate. Supplementary materials affirm student's readiness.

Criteria	Expectations
Connection to academic studies and/or future career goals	Narrative clearly states how this experience will deepen academic work and/or aid in future career goals.
Budget	Budget is detailed and conveys that the student understands the expenses necessary for the summer. Student is clearly prepared to cover summer expenses.

**About your budget:** Please include all anticipated expenses, even if the total is above the award amount. Discuss how you will cover any difference in cost as part of your proposal.

- Provide a detailed summary paragraph of how you will use the money.
- Consider expenses such as expendable supplies, transportation, housing, utilities, professional clothing, gear and equipment, mileage and parking, internet access, laundry, and food.
- We encourage you to utilize [this resource](#) when considering expenses.
- Use the IRS's guide for mileage reimbursement (if applicable).
- If you plan to live with a family member, and pay room and board to that family member, please estimate based on local reasonable rental prices rather than how much your family member might need or want (in other words, how much would you have paid if you were not living with a family member?)
- The budget should be in table format. Include a summary paragraph explaining how you arrived at the budget items and costs below the table.

## After You Apply

### Selection Process & Timeline

Review committees - comprising a wide array of Clark staff and faculty members - convene as a group in late April to finalize selections. A scoring rubric is used to evaluate applications, and all applications have at least two committee members read and score them. All students who apply will be notified in **writing of the committee decision by early May.**

### Award Disbursement

If funded, you will likely receive funds in late May. However, delays can occur; please be prepared for the possibility of receiving your funds as late as mid-June. Please note that you **MUST set-up direct deposit authorization** specifically for Awards and Refunds with Student Accounts, so the funds will be deposited to your bank account. Please note that this authorization is separate from Payroll Direct Deposit. If you are awarded funds, you will receive detailed instructions for setting up direct deposit.

## Tax Information

**Domestic students:** No taxes are withdrawn pre-disbursement; however, you will be expected to claim this award on your annual taxes, and this may impact your taxes due at that time. Please consult an accountant for more details.

**International students:** International students staying in the US for their internship will have some taxes deducted from their funding amount before receiving the funding; this means that the amount you receive will be less than the total award. The amount deducted depends on which country you are from and the tax treaty that the US has with that country. Generally, expect about 12-15% of your total award to be withdrawn. Please see the Clark payroll office for specific questions about your tax amount.

International students doing their internship outside the US will not have taxes withdrawn or reported.
