Campus Dining

It's been a great start to the semester — let's keep it up. As we move through the weeks, here are a few things Clark Dining Services wants you to know:

- **Clark Dining Services** frequently makes changes to services and menus based on your feedback. One great way to stay in touch is to visit their website. You can also follow them on Facebook, Instagram and Twitter, or leave a note on the comment board in the dining hall.
- If you find that your dietary needs are not being met, please contact Michael Newmark, general manager of Dining Services, at Michael.Newmark@clarku.edu. Clark is able to accommodate all dietary needs, restrictions, and preferences.
- If you would like to receive larger portions while eating at the Higgins Café (our main dining hall), simply ask your server to “double it up!” You also are welcome to take food from more than one Higgins dining station.
- **Clark Meals with Friends** is a new student-driven tool to help you find someone to eat with and to make friends. It is easy — just click here, share some information, sign up for a time, and connect with others!

Get Engaged!

Student Clubs at Clark are funded by the Clark University Student Council and have endless opportunities for connection, fun, advocacy, arts, culture, community, service, politics, academics and many more. Clark University clubs and organizations can be found at Engage.clarku.edu. Clark Engage (previously LINK) is home to student clubs,
events, and activities – both in person and online. You can also find clubs social media to stay connected with everything going on. Log in to Engage.Clarku.edu to learn more, or download the CORQ App (compatible with smart phones) for a full list of clubs, organizations, and upcoming events.

**Sign-Up Now for Clark Intramural ESports**

This semester, for the first time, Clark University will be offering free Intramural ESports leagues for select video games. We want to provide all students an opportunity to remain connected to their peers — and enjoy friendly competition! — in a socially distanced manner. Participants of Intramural ESports are expected to have the required video games, gaming system, and an online connection to compete. The regular-season will include 10 matches over 10 weeks.

[Register here by 8 p.m. on Friday, Sept. 18.](#)

---

**Affinity Spaces Social: Meet-and-Greet and Info Session**

The Multicultural and First Generation Student Support (MFGSS) office exists to provide you with a sense of community, as well as resources and leadership tools to help you accomplish your goals. This Wednesday, Sept. 9, at 4 p.m., join our virtual meet-and-greet on Zoom. Learn more about our affinity spaces for students of color, meet the students and staff who have participated in these spaces, and sign up for the spaces you'd be most interested in joining. You also can join one of our community groups and participate in conversations and connections. Learn more and register to get the Zoom login details [here](#).

---

**LEEP Student Success Network Resources**

As you continue to adjust to the fall semester, keep in mind that the academic support services in the [LEEP Student Success Network](#) are available to you in a variety of ways. Please review the Remote Access Resource Guide (or visit each office’s website) for details on how to tap into the full range of services. We are here to help!
Upcoming Career Connections Events

“Innovation, impact, and inclusion” is the theme of our upcoming Career Fair. Learn how to navigate a virtual career fair successfully by attending this webinar:
Thursday, Sept. 10, 2–3 p.m.
Register here

Are you asking yourself, “What can I do with a major in economics?” If so, join the “Careers in Economics” webinar featuring Cary Leahey ’74.
When: Wednesday, Sept. 16, 3–4 p.m.
Register here

Community Involvement

Volunteers Urgently Needed: U.S. Census Phone Bank Marathon
The Census is currently slated to end a month early and a coalition of community organizations needs help to make sure every household in Worcester gets counted. It takes as little as 3 hours to complete a training session and your first phone- or text-banking shift. Census data drives funding for public schools, hospitals, fire departments, transportation, and many other critical programs — accurate counting could support Worcester with more than $4 billion. Sign up today!

Be Part of Local Voter Registration and Turnout Efforts
The Worcester Voter Registration Initiative is a student-run, nonpartisan organization founded by lifelong Worcester residents who work in local neighborhoods to increase voter registration, voter turnout, census registration, and youth civic and political involvement in the city. Sign up to table and support their work! If you’re a U.S. citizen, don’t forget to register to vote yourself!

Support Worcester’s Youth During Remote Learning
Local community groups and area colleges are mobilizing to help Worcester Public Schools support children and families with remote learning beginning next week. Clarkies who’d like to join this effort are encouraged to email community@clarku.edu for information about current involvement opportunities (in-person and remote) and to receive updates as programs look for support.
