Changes to COVID-19 Testing Hours

Beginning this Sunday, Sept. 6, the COVID-19 testing facility in the Kneller Athletic Center will streamline its hours of operation. The new hours are: Monday, Tuesday, and Thursday, 10 a.m. to 6 p.m.; Wednesday, 7 a.m. to 6 p.m.; Friday, 10 a.m. to 5 p.m.; and Saturday and Sunday, 11 a.m. to 4 p.m.

The new hours are reflected when you [book your tests here](#).

Labor Day = Class Day

Monday, Sept. 7, is Labor Day, but it’s also a regular class day at Clark. We encourage residential students to refrain from leaving campus this weekend to reduce their risk of exposure to COVID-19. Our commitment to mask wearing, social distancing, and regular testing have been impressive to date, and we must continue with these efforts to protect the health of our community. Keep up the good work!

Important Reminders from the Registrar’s Office

**Add/Drop Period Ends Wednesday, Sept. 2**

During the add/drop period, you may continue to adjust your fall schedule through your CUWeb account. Email any questions or forms to registrar@clarku.edu or drop them off in the lockbox located outside our office in ASEC 305. You should be enrolled in a minimum of 3
units (typically 4) to be considered full time. If you are interested in studying less than 3 units, please contact advising@clarku.edu to request approval for part-time status.

**Last Day to Choose Pass/Fail option is Friday, Sept. 11**
Students electing the pass/fail grading options for fall courses must submit the add/drop form to registrar@clarku.edu no later than Sept. 11. Remember to consult with your adviser, as many programs have limitations or restrictions.

**Course Overrides**
Students who need course overrides (closed classes, restrictions, missing pre- or corequisites) should email those requests directly to the professor teaching the course. If approved, the faculty member will enter the overrides so students can then self-register for the class.

---

**Working on Campus**

If you are an undergraduate student working at Clark University for the first time, you must complete the onboarding process by today, Tuesday, Sept. 1, in order to be paid on Friday, Sept. 11. Failure to meet this deadline will result in a delay in being paid. Please contact the Office of Financial Assistance with any questions.

---

**Fall 2020 Virtual Club Fair This Weekend**

Student club recruitment has gone virtual! Clarkies, now is your time to get involved with student organizations at Clark. All active groups will be hosting Zoom meetings during the virtual club fair this weekend.

The fair will be hosted on Clark Engage from noon to 2 p.m. and 3 to 5 p.m. on Friday, Saturday, and Sunday of the upcoming Labor Day Weekend. Instead of crowded tables and long lines, you will be able to virtually meet the leaders of organizations you’re interested in learning more about! To join the fair, log in to Clark Engage during the hours above and click on the event. You will be redirected to a new screen where you can view participating organizations, submit requests to join, and meet online with organizations. Watch for the “What’s Happening” email on Thursday that will outline what days and times the clubs you’re interested in joining will be live on Clark Engage.

---

**Affinity Spaces Social: Meet-and-Greet and Info Session**

The Multicultural and First Generation Student Support (MFGSS) office exists to provide you with a sense of community, as well as resources and leadership tools to help you accomplish your goals. On September 9 at 4 p.m., join our virtual meet-and-greet on Zoom. Learn more about our affinity spaces for students of color, meet the students and staff who have
participated in these spaces, and sign up for the spaces you’d be most interested in joining. You also can join one of our community groups and participate in conversations and connections. Learn more and register to get the Zoom login details here.

Center for Counseling and Personal Growth Sessions and Discussion Groups

Clark’s Center for Counseling and Personal Growth (CPG) now has four private rooms available on the fourth floor of Goddard Library (rooms 412, 415, 416, and 417) to use for discussion groups. To reserve a room for your session, please email Mary Hynes, CPG administrative assistant. Reservations are required to use any of the rooms.

CPG will be facilitating 60-minute online drop-in discussion groups to help students manage adjustment challenges related to COVID-19. Topics also will include student identity and issues on campus and around the globe. Whether you’re attending classes remotely or on campus, these discussion groups are designed to provide a supportive space to connect and exchange ideas with one another. These groups do not provide mental health treatment but are a place to talk and connect with others. Click here for a full list and schedule of groups.

Volunteering Opportunities During Healthy Clark

The Community Engagement and Volunteering Office is actively working with local organizations to find opportunities for students to get involved, whether in person or virtually. Find an up-to-date compilation of this information here. We also encourage students to complete an interest survey to learn about local organizations that match your interests; explore the Handshake profiles of organizations that are actively looking for support; and schedule a low-pressure peer-advising appointment with a member of the CEV team. Email community@clarku.edu with any questions you have — we’ll help you out!
