Welcome to WEEK ONE!
We are very excited to finally welcome you in person.

Are you ready to ignite your spark?
Over the next few days, you’ll get to know the Clark community and what life at Clark is like. You’ll attend programs and activities to help you settle in and feel comfortable; hear about issues you may encounter during your college experience, and the resources available to help you address them; and begin your journey toward embracing intellectual life at Clark — both in and out of the classroom.

While you learn your way around, you’ll meet future classmates and friends, and discuss your academic and cocurricular interests with faculty, staff and your peers.

You have chosen to attend an institution with a rich, vibrant history, where extraordinary students and scholars have illuminated the path to discovery, challenged convention and truly changed the world. We encourage you to take advantage of the people and offerings that make Clark truly memorable — and ignite your spark.

Life of the eye, the ear, and the mind
An academic program for New Student Orientation: The Alloy Orchestra is a 3-man ensemble that uses “racks of junk,” synthesizers, all sorts of other unusual instruments, found objects, and unlikely noise-makers. Roger Ebert called them “the best in the world at accompanying silent films.” The Alloy will perform their exhilarating original musical score to the landmark A PAGE OF MADNESS (1926). An amazing and graphic depiction of mental illness, the film stitches together a family history through a number of subplots and flashbacks. In an ever maddening maelstrom, the film tells the story of the janitor of an asylum and his wife, who is one of the patients, whom he tries to see and support.
